

Good Growth Programme

UK Shared Prosperity Fund

 www.ciosgoodgrowth.com

Shared Prosperity Fund (SPF) – Aims

The UKSPF is part of the UK government's wider commitment to level up all parts of the UK. It is the government's domestic replacement for the European Structural and Investment Programme (ESIF).

The Good Growth Plan will:

Nurture local business and innovation characterised by their growing social and environmental responsibility

Facilitate expansion and increased investment in our green economy and high potential sectors

Empower vibrant communities and a better way of life by creating skills and employment opportunities that will enable everyone to live longer, healthier lives and earn real living wages in careers of their choice.

Three Investment Priorities:

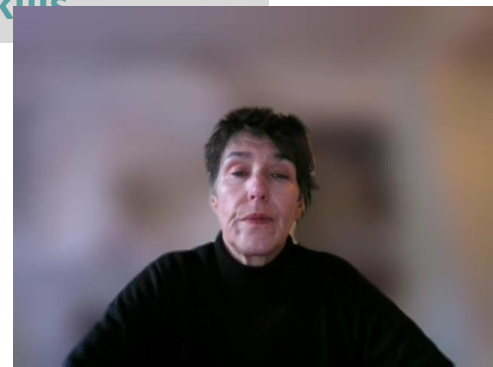

ONE:
Community and Place

TWO:
Support For Local Business

THREE:
People and Skills

CloS Good Growth Investment Plan Outline

- COMMUNITY AND PLACE
- SUPPORTING LOCAL BUSINESS
- PEOPLE AND SKILLS

"Main Programme"

RUR001: RPF bus support

Match funding <£200k

- ✓
- Entrepreneurs
 - Start ups

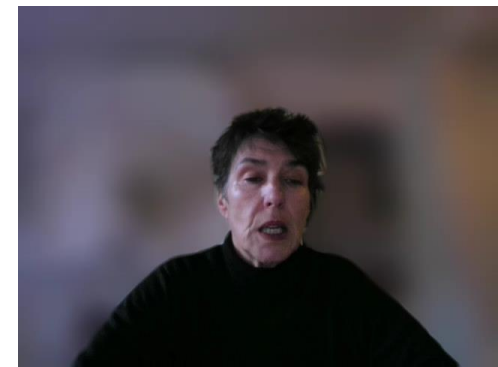

Community Capacity Fund

£2M total

An overview.

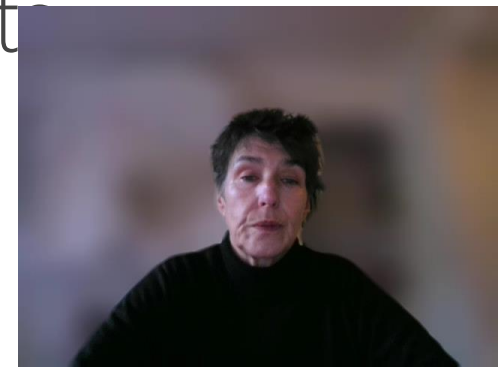

Aim

Community building is at the heart of this fund.

Encouraging local involvement with identifying what are local opportunities for Good Growth

Ensuring a good foundation of skills and expertise in local communities for future funding and projects

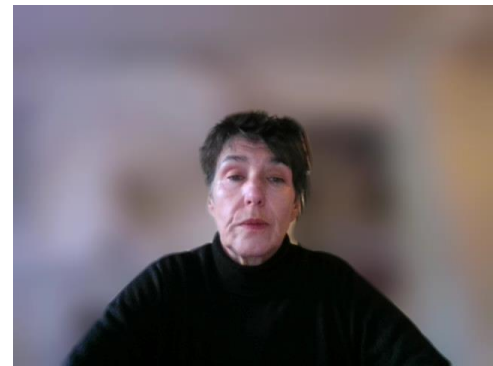

Resources

- 1 Team Leader
- 3 full time equivalent Delivery Facilitation Officers who will work with closely with Town & Parishes and community organisations to help develop project ideas, complete application forms & carry out activities to build skills in community organisations & project development.
- 2 Support Officers

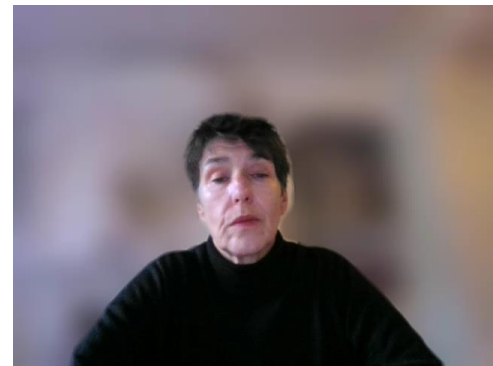

Grants

- Between £2,000 and £25,000
- 100% funds, no match funding required.
- The proposal is that Community Area Partnerships will have an allocation and will be asked to review applications in CAP areas and make a recommendation.
- There will also be a reserve for large or ambitious projects.
- We aim to have a quick turnaround for applications and plenty of support.

What can we fund?

- Community Engagement programmes for projects or services
- Feasibility studies
- Business plans
- Architects and landscape architects' plans
- Concept plans
- Other technical support needed to progress a project

Workshops

The sorts of topics that these might cover are:

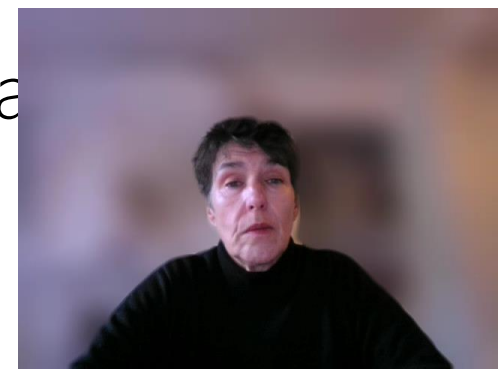

'How to write a funding application',

'How to set up a new org with a constitution',

'How to write a tender brief'

'How to ensure a community facility is financially sustainable'

We are keen to hear what sorts of topics you feel might be useful for community groups in your area

COM004 – Community Levelling Up Programme

Start Date – May 2023

Summary

To help communities in Cornwall and the Isles of Scilly develop their place shaping ambitions and through locally led delivery and increased levels of community facilitation, empower them to drive the necessary changes they need for their future

Activities could include

- Refurbishing, re-purposing, renovating and creating new buildings on high streets and neighbourhood shopping areas to help deliver increased footfall, increased economic activity and improved pride in place
- Funding for new, or improvements to existing, community and neighbourhood infrastructure projects that deliver improved public realm and economic regeneration.
- Engagement schemes to support community involvement in decision making in local regeneration.

 www.ciosgoodgrowth.com

Budget

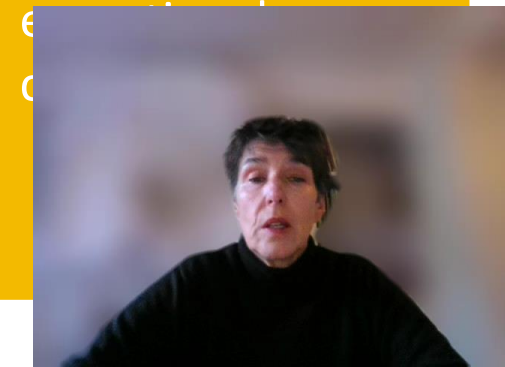

Total: £9.28m

Award Limits:

Max – £200,000

Min – £5,000

NB: smaller or larger grants may be possible under

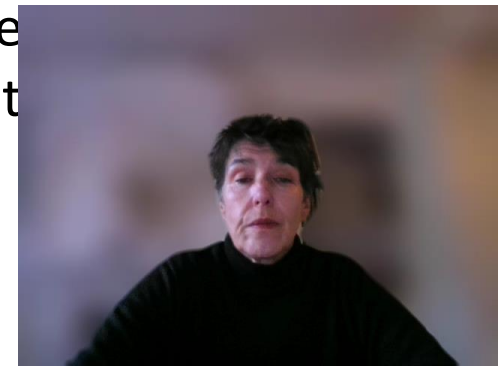

COM004 – Community Levelling Up Programme – Year 2 and 3 Delivery

Applications Open
May 23

Applications Closed
Dec 24 (TBC)

Delivery
completed by
31 Mar 25

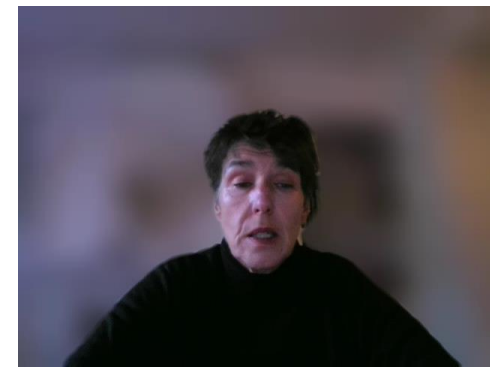

- The detail of Year 2 and 3 delivery has been informed by lessons learned from Year 1 and the Local Good Growth Delivery Frameworks
- In May 2023 60% of available budgets will be allocated to each CAP area and the IoS and 40% will be retained in a “performance reserve”
- The budget to each area will vary to take into account the different scales in geographic coverage of each CAP.
- **However, this allocation should be seen as a minimum as all areas can increase their allocation from the performance reserve if they can generate enough good projects**
- Any legally constituted organisation can apply
- Outputs and outcomes required = m2 of public realm improved/created, improve community facilities, economic benefit, etc. All projects will also be expected to deliver good growth outcomes where possible (e.g. RLW, CO2 reductions, etc)

COM004 – Community Levelling Up Programme – Process

CAP	Local Applicant	Cornwall Council	Local Applicant
Engage in framework development	Develop application	Consider application	Deliver project
Prioritise key local themes/intervention types	Ensure project aligns with fund and framework	Appraisal by Cornwall Council	All Capital and Revenue spent by March 2025
Agree any local weightings	Evidence of Eligibility, Deliverability or Affordability	Including check for alignment with framework	All outcomes delivered by March 2025
Alignment to any match or wider funding	Access support from Cornwall Council	Consider whether extra funding from performance reserve required	Monitoring and evaluation
Call out for suitable local projects	Submit application to Cornwall Council	Confirm CAP endorsement	
Endorse Local Good Growth Delivery Framework		Funding decision
