Covid-19 Emergency Funding

Coronavirus Community Support Fund

<https://www.tnlcommunityfund.org.uk/funding/covid-19/learn-about-applying-for-emergency-funding-in-england>

The National Lottery Community Fund launched a £200m fund on the 22nd May 2020 aimed primarily at small to medium organisations in England. The fund is part of the Government's £750m financial support package for charities and social enterprises.

The application you need to fill in is the same whether your funding comes from the Government or from The National Lottery Community Fund, so you don't need to tell us which pot of funding you want to go for.

If you're a group that's looking for government funding, because you can't accept funding from The National Lottery, please tell us in your application.

We'll prioritise:

- Organisations supporting people and communities who experience disproportionate challenge and difficulty as a result of the COVID-19 crisis
- Organisations providing services and support for vulnerable people, for which there will be increased demand as a result of the COVID-19 crisis
- Organisations which connect communities and support communities to work together to respond to COVID-19

We know that small and medium-sized charities are likely to be more vulnerable right now, so we encourage applications from those organisations. We can fund activities supporting people and communities affected by COVID-19. We can also help organisations overcome any acute financial difficulties they're facing because of the pandemic.

We are working with others to ensure this funding reaches communities as quickly as possible, including looking at extending our reach with social enterprises and community led community organisations and businesses. We are having a number of conversations to finalise partnering arrangements. We will keep you informed as soon as these go live.

National Survivor User Network (NSUN) Covid-19 Fund

<https://www.nsun.org.uk/nsun-covid-19-fund>

NSUN has launched a new fund with grants up to £1000 to support peer support, community action and mutual aid for mental health during Covid-19. NSUN is administering this smaller fund to support user-led organisations (ULOs) and smaller, unconstituted community groups in England, who might not otherwise be eligible for a grant. Grants of up to £1000 will be available to support community action, peer support, mutual aid and other activities that will make a direct difference to the lives of people living with mental ill-health, trauma and distress during this Covid-19 period.

Historically, unconstituted groups have been left out of these funds so we're delighted that there is a commitment to supporting ULOs and community groups.

Will my group be eligible?

The NSUN grants are available to User Led Organisations across England who need additional funds to deliver their support and activities during Covid-19. You may be a peer support group, a mutual aid group, a community group, a Disabled People's Organisation (DPO), or a ULO (this is not an exhaustive list). The NSUN grant is for organisations or

collectives or groups which may or may not be constituted (but are not set up as a charity or a community interest company (CIC), for example) or who otherwise are not eligible for the main Coronavirus Mental Health Response Fund. You will need to be a member of NSUN. Membership is free for ULOs and community groups, and you can sign up <https://www.nsun.org.uk/member-join>
Interestingly NSUN have a whole section on their website dedicated to mutual aid groups and neighbourhood initiatives. <https://www.nsun.org.uk/News/covid-19-mutual-aid>

Cornwall Council Community Chest Crisis Scheme

<https://www.cornwall.gov.uk/community-and-living/grants-advice-service/cornwall-councillor-community-grant/>

This scheme is primarily intended to help the small, un-constituted groups who are supporting local communities through the coronavirus crisis. It is also intended to help groups whose funding is impacted by the coronavirus crisis.

Cornwall Council Community Chest Crisis Scheme gives grants of up to £1,000 to smaller un-constituted groups who are supporting local communities through the coronavirus crisis.

The programme operates across all of Cornwall's 19 Community Network areas, and groups can apply for grants from individual Cornwall councillors.

To apply, simply email your Community Link Officer (CLO) with brief details of your group and the work you're doing. In the email also copy in communitynetworks@cornwall.gov.uk. The CLO will then contact the relevant Cornwall Councillors to see if they are willing to support your project in principle. Details of the 19 CLOs are on the Community Network Map that can be accessed through the above weblink.

Coastline Housing is match funding the scheme in the three, main community network areas in which it operates:

1. Camborne, Pool, Illogan and Redruth;
2. Helston and South Kerrier;
3. and parts of Falmouth and Penryn.

This means that community groups in those areas bidding successfully for Community Chest funding would see their cash injection go up by half through Coastline Housings contribution.

The Morrisons Foundation COVID-19 Homeless Support Fund

<https://www.morrisonfoundation.com/latest-news/covid-19/>

The Morrisons Foundation recognises that homeless people are particularly vulnerable to Covid-19 because they are more likely to have underlying health conditions and are less able to access basic sanitation.

Homelessness charities are raising concerns that if someone is sleeping rough or in a crowded night shelter, it's impossible to self-isolate and maintain social distance so help is needed more than ever before.

In response to this, the Morrisons Foundation Trustees have pledged £500,000 towards the Homeless Support Fund. The fund is designed to support charities caring for the homeless during the coronavirus outbreak and ensure help gets to those who need it most. Applications will be considered up to a maximum of £10,000, but the emphasis is on smaller amounts to enable as many charities as possible can be supported from the fund.

Who Can Apply?

Registered charities that care for the homeless can apply for support to cover three broad areas:

- Outreach and support for rough sleepers, including provision of essentials
- Delivery of services in hostels and shelters
- Information and advice
