

Reaching Communities Programme

Mark Richardson,
Southwest Team
February 2019

In 2017/18, we gave out £166.5m

Reaching Communities is our open programme for grants over £10,000.

We can fund:

- staff salaries, project activities,
- running costs, equipment
- **small-scale refurbishment, landscaping, vehicles, equipment**
- **organisational development.**
- We can fund a mix of revenue and capital activities

- We want to know what the costs of the project are
- **We fund core costs but we need to know who will benefit and how our funding is making a difference**
- Details of what we can't fund are on the website

People in the Lead

We fund organisations/ideas that are:

People-led

Ensuring the people they work with are meaningfully involved in the development, design and delivery of the project.

Strengths based

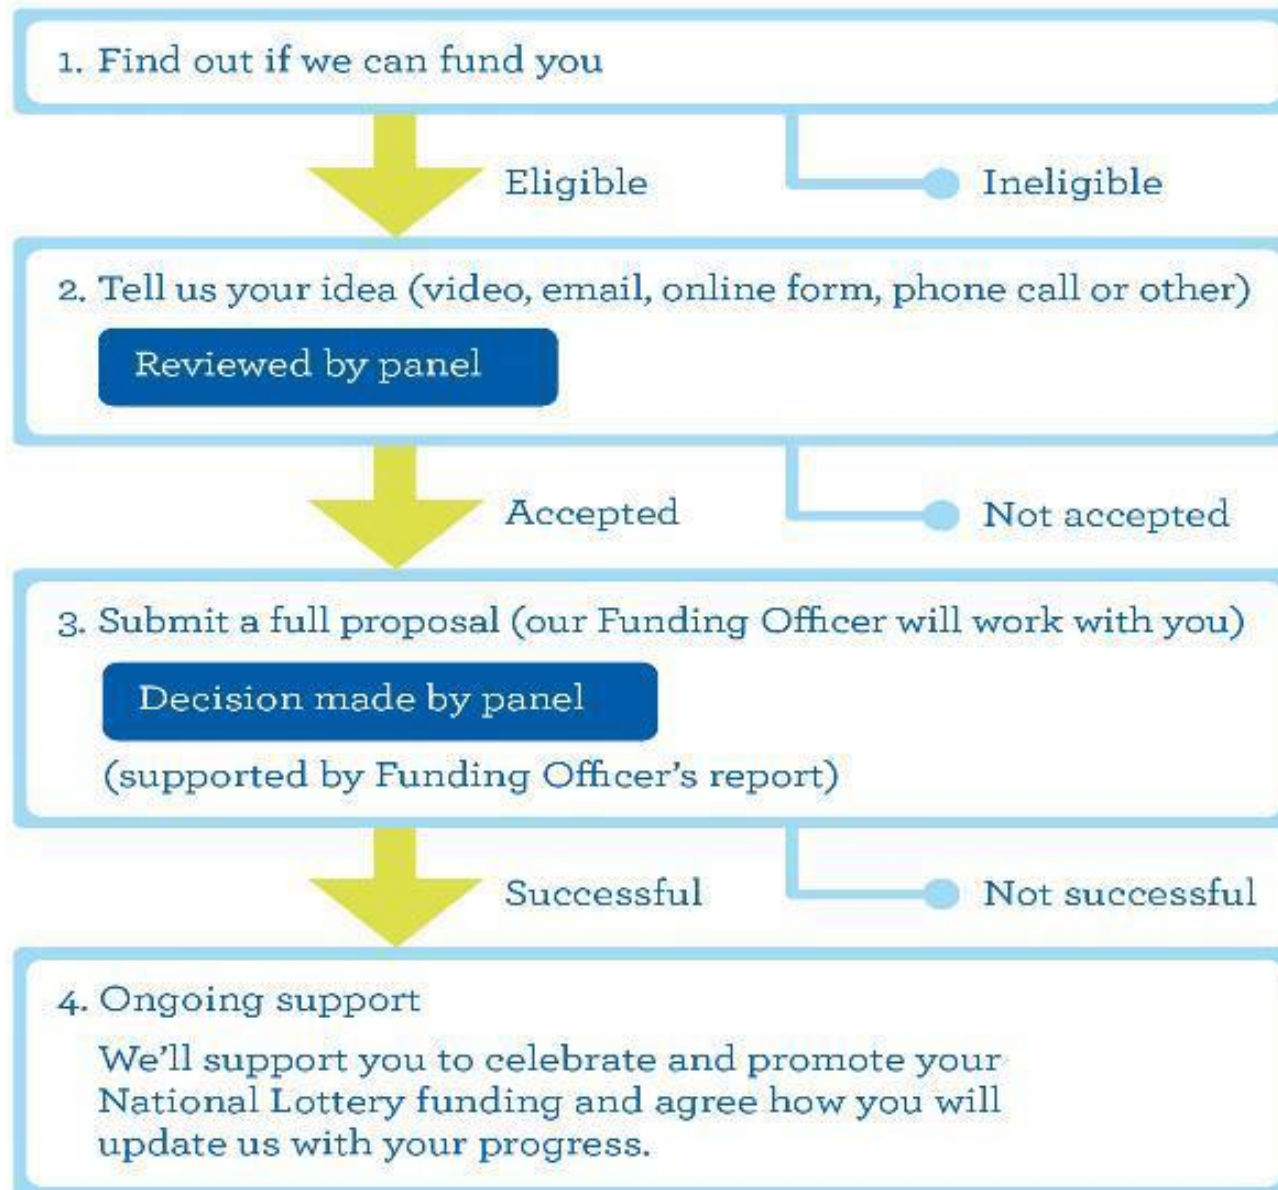

Supporting people and communities to build on the knowledge, skills and experience they already have to make the changes they want.

Connected

Demonstrating a good understanding of other activities and services in the community and can show how the project will complement these.

What is the process?
