Update on Cornish Foodbanks

22nd January 2021

Foodbanks across Cornwall need supplies of all tinned, dried or long-life food items - with a typical food parcel including: Breakfast cereal, long-life milk, soup, pasta, rice, pasta sauce, tinned beans, tinned meat, tinned vegetables, tinned fruit, tinned puddings, tea or coffee, sugar, biscuits and snacks. Many of the foodbanks also collect: Baby food, baby milk, disposable nappies, washing up liquid, Washing Powder, soap, Dry Dog Food, canned Dog Food and canned Cat Food.

The way each Cornish foodbank runs is very unique, depending on volunteers, the building they operate, their capacity, their community and their opening times. If you would like to donate and support your local foodbank, we have included links to some of the foodbanks below; we have purposely included references to their Facebook pages where possible. If you could help your foodbank by looking at their Facebook posts before contacting them, that would be super helpful as these often have the most up to date answers to many queries. Facebook posts often also have details of any financial donation appeals individual foodbanks are running, or for some foodbanks with websites, there is often a direct link to donate money to them.

PLEASE NOTE: The mission of Foodbanks is to give out food parcels to people in need. Customers can access foodbanks with a food voucher. Many of the Foodbanks are now operating an e-voucher system but please check how your local Foodbank is operating.

There are many wonderful community food projects that people without Foodbank vouchers can access and, in many cases, this may be more appropriate.

We try to make sure that this list is correct at the day of publishing, we will be updating some info from individual foodbanks as it comes in, but **PLEASE always get the latest information from that foodbank directly**. Our list is not exhaustive, there are other foodbanks in local communities across Cornwall and we would urge you to support any foodbank that you know of that is local to you.

Where available we have listed details for the foodbanks:

1. Opening times/referral procedures
2. Details for food donations
3. Local supermarket drop off points
4. Details for financial donations
5. Other

Opening times/referral procedures

Truro Foodbank is committed to helping people in food crisis in the Truro area during this lockdown. Here is some information about how we are operating:

1. Customers will still need a Foodbank referral voucher number. Most organisations that give out foodbank voucher numbers can be contacted by phone, email or text (eg text the word ADVICE to 78866 for Cornwall CAB to call you back) during lockdown so you should still be able to get a voucher number. If in doubt about this please call us on 07721 711669 9-5 weekdays so we can talk through your circumstances and advise you who you can contact to get a voucher number.
2. If you are unable to attend Truro Foodbank yourself to collect your food please remember a relative, a friend, a neighbour or a volunteer community helper can come to us to pick your food - just let us know who will be coming in.
3. When you come to either Truro Methodist Church on Mondays and Thursdays or All Saints Church on Tuesdays we regret we cannot spend time in lengthy conversation. Due to the covid situation we all need to minimise contact time. Please wear a face covering if you can. If there is bad weather please book in with us on arrival and then wait in your car or follow other instructions.
4. We know for many people this might be the first time they have considered coming to a foodbank. These are unprecedented times so please do not think there is any stigma or judging involved; we are simply here to help people who are struggling with food crisis.

Please note the following information as it updates where and when customers can come to Truro Foodbank to collect food. We now have two distribution places and the Thursday end time has changed. If you issue a Foodbank voucher to a customer, please advise them of this current information so they can decide if one venue is easier to get to.
